Three large conventions will be held in connection with the fourth annual National Farmers' Exposition at the Terminal Auditorium from December 5 to 15. These conventions are the Ohio State Threshermen's Association, the Tri-State Poultry & Pet Stock club and Ohio Horticulturists.

These organizations have large memberships and will bring many thousands of visitors to this gigantic mid-winter fair. The threshers men heretofore have always held their meetings in Columbus. GERMANY BEATEN ON THE SEA.

Arthur Pollen, the famous British naval expert, has made the following statement on the submarine war and the various political crises in Europe: "The submarine is defeated; this is the most momentous event since the United States entered war. It means that we can stay in and that America can really come in. Compared with this Germany's recent successes against Russia and Italy are really trivial incidents. Germany can never make a separate peace with Russia. It is unbelievable that the demoralization of a part of the Italian army can spread to the whole. Germany's defeat on sea is final, universal and permanent, whereas Germany's successes on land are local, partial and temporary."
